

STAJ Global Solutions Limited is a fully registered Ugandan company, established in **2025**, specializing in the export of **certified organic agricultural products** to international markets. The company is duly registered with the **Uganda Registration Services Bureau (URSB)** and is a recognized member of the **Uganda National Chamber of Commerce and Industry**, the **Ministry of Agriculture, Animal Industry and Fisheries**, and the **Hortifresh Association**, the national umbrella body for exporters of fresh fruits and vegetables.

We are committed to promoting Uganda's rich agricultural potential through sustainable, ethical, and traceable supply chains. STAJ Global Solutions works closely with a wide network of **smallholder and commercial organic farmers**, ensuring consistent quality, compliance with international standards, and reliable supply.

Through our strategic partnership with **Waribe UK Limited**, we export **organic fresh fruits and vegetables to the United Kingdom**, including:

- Avocados
- Bananas and Apple Bananas
- Sweet Potatoes
- Ginger
- Pineapples
- Yams
- Bitter Berries
- Garden Eggs

In addition to fresh produce, we export a diverse range of **organic dry and processed food products**, such as:

- Organic beans
- Njai (Lablab)
- Organic flours (millet, soya, maize)
- Other manufactured organic food products

Our farmer network also supports the production of additional organic commodities, including **chilli, hot pepper, cocoa, sugar cane, and eggplant (aubergine)**, enabling us to scale supply based on buyer demand.

Beyond farm produce, **STAJ Global Solutions Limited acts as an aggregator** of high-quality organic and natural products, including:

- Organic honey
- Shea butter
- Gum Arabica

We are actively seeking **global buyers, distributors, and long-term partners** interested in sourcing premium organic products from Uganda. With a strong focus on quality assurance, sustainability, and dependable export logistics, STAJ Global Solutions Limited is your reliable partner for organic sourcing in Africa.
